

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

CHRONOLOGICAL TABLE

OF THE

ROYAL ORDERS IN COUNCIL

AND

ORDINANCES

PROMULGATED IN THIS COLONY

BETWEEN

THE 25TH APRIL, A.D. 1831,

AND

THE 30TH JUNE, A.D. 1877.

PORT-OF-SPAIN :
THE GOVERNMENT PRINTING OFFICE,
1877.

PREFACE.

THIS Table is a Chronological Table of the Royal Orders in Council which have been promulgated in this Island between the 25th day of April, A.D. 1831, and the 30th day of June, A.D. 1877, and of the several Ordinances passed by the Governor and Council between the 25th day of April, A.D. 1831 and the 30th day of June, 1877.

The Table is framed with these objects,

- (1.) To show what Orders in Council and Ordinances are not in force and how the same have ceased to be in force whether by express repeal or otherwise :
- (2.) With respect to Orders in Council and Ordinances partly in force, to give any express partial repeals thereof. Many of the Orders in Council and Ordinances cannot be regarded as public, that is as affecting the community generally, being in their nature special or private, relating to particular persons, or places, or to private concerns. Such, therefore, have been distinguished by the italic entries *Local*, *Private* in the second column of the Table.

With respect to entries in the third Column of the Table the following has been the ordinary practice,

- 1° Those Orders in Council and Ordinances which have effected their object and have no present operation, such as Appropriation Ordinances and Ordinances repealing former Ordinances, have been entered as "Spent." The last mentioned Ordinances have been classed as "Spent" by operation of the Ordinance No. 16 of 1874 section 4 :
- 2° Those whose effect is limited to a certain time which has past and which never having been continued are no longer law have been classed as "Expired :
- 3° Those which have been expressly repealed are so entered ; and in cases in which an Order in Council or Ordinance has been more than once repealed, the repealing Orders in Council or Ordinances have all been entered. As a general rule no notice has been taken of implied repeals :
- 4° Those of the Public Orders in Council and Ordinances now in force, but which from failure of the subject matter to which they relate or from other causes are practically inoperative, have been entered as "Obsolete."

The dates of the Proclamations notifying Confirmation of Ordinances have been entered in the fourth Column, only in cases where the Order in Council or Ordinance is either actually in force or partially so—in other cases the entry of such dates has been omitted.

This Chronological Table has been framed by Mr. GEORGE LEWIS GARCIA, under the supervision of the Attorney-General, the Honourable HENRY LUDLOW.
